Liquor Control Act of Alberta, and Summary of
Convictions for Drunkenness under other Statutes.
- "F" Statement showing activities of Law Enforcement
Branch.
- "G" Staff Return.

REPORT

OF THE

ALBERTA LIQUOR CONTROL BOARD

1928

INTRODUCTION

The fifth annual report of the Alberta Liquor Control Board covers the period of twelve months from the 1st April, 1928, to the 31st March, 1929, and is the first report submitted dealing with the operations for a complete twelve-month period since the fiscal year of the Board was changed to end on the 31st March in each year.

As the fourth annual report covered a fifteen-month period from the 1st January, 1927, to the 31st March, 1928, the necessary allowance will require to be made when comparing the financial statements and appendices in that report with those incorporated herein.

Although the financial statements now show the result of operations for the year from April to March, licenses and permits are still good for the calendar year January to December only, and in consequence the appendices will show the numbers issued during the calendar year ended on 31st December, 1928.

Full advantage has been taken of the Local Option provisions of the Act, and during the period under review thirteen such plebiscites were taken, nine of which showed a majority against Beer Licenses and four in favour of Beer Licenses.

Since the inception of the Act, 43 Local Option votes have been taken, the "Drys" obtaining the verdict in 26 instances and the "Wets" in 17, the total vote showing 3,100 Dry and 2,968 Wet.

The cost of holding these votes is defrayed by the Board and appears under the heading of Local Option Expenses on the financial statements.

PREMISES

The Board is continuing to obtain satisfactory accommodation for its warehouses and Government liquor stores on favourable terms.

GOVERNMENT LIQUOR STORES

Only one additional Government Liquor Store has been opened since the date of the last report, this being at Lloydminster. The store was opened in October, 1928.

Applications for additional stores at other points have been received and a general survey of the Province is under contemplation to determine to what extent, if any, the present chain of stores should be augmented.

The service by express and mail continues to be used freely and residents in outlying districts have taken advantage of the facilities placed at their disposal.

ALBERTA BEERS

As foreshadowed in the report of 1927, the question of beer distribution has received the very serious consideration of all parties interested, with the result that the products of all Alberta brewers are now being distributed by one organization instead of by each brewery individually.

On the 1st August, 1928, Distributors Limited, a company formed expressly to handle these products, commenced to function, and on that date the privilege previously enjoyed by the brewers of making deliveries direct to licensees and permit holders was withdrawn.

This arrangement has resulted in a marked consolidation of distribution facilities, whereas previously each brewery maintained a separate warehouse at each centre, one joint warehouse now suffices.

Warehouses are now established at 24 points in the Province and the Board feels that the needs of the public in this respect are reasonably well provided for.

The present system has so far met with popular acceptance, both by licensees and by the general public, and there is every indication that those responsible for the administration of Distributors Limited are endeavoring to co-operate with the Board and are making a conscientious effort to operate in accordance with the requirements of the Liquor Act and Regulations.

A list of the points at which distribution warehouses are located will be found in Appendix "D," reference to which will also show the points at which brewery warehouses were located as at the 31st day of July, 1928, at the close of business on which day they were closed down.

PURCHASE OF LIQUOR

A complete list of all purchases of liquor stocks made during the twelve-month period covered by this report will be found in Appendix "B."

By continuing to deal only with manufacturers direct the Board has been successful in obtaining allowances which would otherwise be expended by the shippers in the maintenance of Agencies, etc. These allowances, coupled with cash discounts, have amounted, during the year, to the important sum of \$48,348.12, which is included in the financial statements.

ANALYSIS OF LIQUORS

In order to ensure that the purchasing public obtain only reliable products, samples of all liquors and still wines carried on the shelves at the Government Liquor Stores have been submitted to the Provincial Analyst. In all cases the goods were found to be satisfactory and free from adulteration in any way.

WINES

Wines, both domestic and imported, appear to be gaining in favour, although sales are still of comparatively small volume. During the twelve-month period sales of all classes of wines were some 50,000 gallons in excess of the fifteen-month period from the 1st January, 1927, to the 31st March, 1928.

The following figures show the sales in gallons of wines since the 12th May, 1924, when the present Liquor Control Act became effective:

Year	Sales in Imperial Gallons
1924 May-December (7½ months)	18,500
1925 Twelve months	55,000
1926 Twelve months	105,000
1927 Twelve months	132,700
1927-8 January, 1927 to March, 1928 (15 months)	172,000
1928-9 Twelve months	219,000

It may be well to stress that owing to their delicate constitution wines should be handled carefully and must not be subjected to severe fluctuations of temperature.

The Board takes every possible precaution to ensure that wines are in first-class condition when delivered at the stores and if the customer will further co-operate, the additional satisfaction which he will derive will amply repay him for his trouble.

PERMITS

As this report covers a period from April to March and all permits, except those which sooner expire, are issued for the calendar year ending on the 31st December, the statement of permits relates only to those permits issued between 1st January, 1928, and the 31st December, 1928.

The proceeds of these sales are paid direct to the Provincial Treasurer, in accordance with the provisions of Section 141 of the Act, and are not included in the statement of profit and loss of the Board.

Sales of permits during the calendar year ended 31st December, 1928, realized \$191,433.75. A statement of permits issued during this period will be found in Appendix "A."

PERMITS CANCELLED

It was found necessary to cancel 610 permits during the year. Included in this number were 395 permits held by persons interdicted, thus leaving 215 permits cancelled for other reasons, against 266 in the previous year.

INTERDICTION

Orders of Interdiction received by the Board totalled 816, and during the same period 481 names were removed from the list, leaving 1,212 Orders of Interdiction in force at 31st March, 1929.

BREWERS

The number of licenses issued to brewers in the Province remains unchanged.

A list of these licenses will be found in Appendix "C," where also any suspensions of warehouse privileges are recorded.

HOTELS

Beer Licenses in respect to hotel premises were issued to 376 applicants.

During the year 31 licensees were disciplined by the Board, 24 for minor offences and 7 for major offences.

Not including the expenditures in connection with the hotels in the National Parks, a careful survey reveals that during the past five years a capital investment well in excess of \$2,000,000 has been made by way of improving the hotel accommodation throughout the Province. It is generally recognized that the sleeping and eating accommodation and the general service to the public have materially improved during the period referred to.

The Board continues to receive numerous complaints regarding the manner in which certain licensees conduct their beer-rooms. Investigations disclose that the districts where these complaints originate are served by hotelmen who have failed to realize their responsibilities to the general public. The Board will continue its policy of dealing drastically with any licensee whose operations are proving a menace to the community, and in this work it is receiving the hearty co-operation of the officers of the Alberta Hotel Association.

All licensed premises are subjected to constant surveillance.

CLUBS

The number of clubs enjoying beer-selling privileges during the year 1928 totalled 47, of which number 10 were Golf and Country Clubs.

No disciplinary action by the Board in respect to these clubs was necessary during the year.

CANTEENS

Canteens operating under direct military supervision to the number of 17 were in receipt of Beer Licenses and all these were operated to the satisfaction of the Board.

FLAVORING EXTRACTS AND ESSENCES

Out of a total of 1,775 licenses for the sale of alcoholic extracts and essences issued during the year the Board found it necessary to cancel 12, owing to contravention of existing regulations.

In these cases the Board was satisfied that certain customers were being allowed to purchase in excess of legitimate requirements and were using the extracts for beverage purposes.

PRESCRIPTIONS BY MEDICAL PRACTITIONERS

The Government Liquor Stores filled 2,378 prescriptions issued by members of the medical profession during the year ended 31st March, 1929.

CONFISCATED LIQUOR

Appendix "D" shows the manner in which liquor ordered confiscated by the courts has been disposed of.

Liquor confiscated is never taken into stock until the Board has satisfied itself both by analysis and test that it is genuine and free from adulteration in the slightest degree.

The Board wishes to record its appreciation of the assistance rendered by the Provincial Analyst, who conducts such meticulous examinations of the samples submitted to him.

Any liquor which does not pass his scrutiny is destroyed under the authority of the Attorney General.

MANUFACTURE AND SALE OF ILLICIT LIQUOR

The Board has continued in its endeavors to eradicate both the manufacture and sale of "moonshine."

At the session of the Legislature held in 1928 the penalty for a first offence for being in possession of illicit liquor was increased to a minimum fine of \$300, or in default to imprisonment for not less than three months, when the prosecutions are taken under the Provincial Act.

These penalties have to some extent acted as a deterrent, but the Board respectfully suggests that a more intensive campaign by the Federal authorities, whose function it is to suppress the manufacture of illicit liquor, is necessary before the Board can be relieved of this additional burden.

LAW ENFORCEMENT

At all times the officers of the Alberta Provincial Police and of the City and Municipal Police Forces throughout the Province, have co-operated to the fullest extent with the Board's own Law Enforcement Officers, and it is with the keenest sense of appreciation that the Board takes this opportunity of extending its thanks to the officers of those forces.

The policing of the National Parks is left almost entirely to the officers of the Royal Canadian Mounted Police and the duty of enforcing The Liquor Control Act in those areas has been carried out by them in a highly efficient manner.

The Board is deeply grateful to the officers of that force for the splendid co-operation extended by them.

During the year the Board's own force of Law Enforcement Officers have covered the entire Province and have travelled some 135,000 miles by automobile and 15,000 miles by train and other means of conveyance.

Appendix "E" will show in summary form the number of charges laid and convictions obtained under The Government Liquor Control Act during the twelve-month period 1st April, 1928, to 31st March, 1929, and also a summary of convictions for drunkenness under other statutes, which information has been compiled from all available records.

The activities of the Law Enforcement Branch are shown separately in Appendix "F."

STAFF

The Board once again takes the greatest pleasure in voicing its appreciation of the staff.

In the Government Liquor Stores, Warehouses, Administration Offices and Law Enforcement Branch it is served by a body of men and women whose loyalty and efficiency have very greatly assisted its operations.

GENERAL REMARKS

Shipments by express to permit-holders during the twelve-month period from the Government Liquor Stores and Warehouses have totalled 48,377, at a cost for transportation of \$20,177.27. This expense has been absorbed by the Board.

The number of sales on individual permits made through the Government Liquor Stores and Warehouses from the 1st April, 1928, to the 31st March, 1929, totalled 1,145,101, at an average for each sale of \$5.51. In addition to these 7,458 sales were made to licensees and to the holders of special permits, such as hospitals, physicians, druggists, etc.

During the year the Board and the Brewers of Alberta paid to the Dominion Government a sum in excess of \$3,041,000, by way of Custom and Excise Duties on liquor and spirits, taxes on beer, excise tax on malt, and sales tax on the various products sold.

A calculation based on the amount of the gallonage tax paid through the Brewers to the Board discloses that the Alberta Brewers disposed of approximately 4,380,000 gallons of malt liquor to licensees, permit-holders and the Alberta Liquor Control Board during the twelve months ended 31st March, 1929.

During the same period they exported to the Liquor Board of a neighboring province some 352,700 gallons, on which gallonage tax was rebated to them.

A comparison of sales on a gallonage basis shows the following percentages to total sales.

	Sales in Gallons	Percentage to Total Sales
Beer, Ale, Stout	4,400,000	91.25%
Wines	219,200	4.54%
Spirituous Liquors (other than alcohol)	198,000	4.11%
Alcohol (including sales to hospitals, druggists, manufacturers, etc.)	4,700	.10%
		<hr/> 100.00% <hr/>

CONCLUSION

The Board highly prizes the support and co-operation which has been extended to it by the general public of the Province, and for which it now voices its appreciation.

All of which is respectfully submitted by

R. J. DINNING,
Commissioner.

H. GORSE, C.A.,
Chief Accountant.R. J. DINNING,
Chairman.

Edmonton, Alberta, June 5, 1929.

I have audited the books and accounts of the Alberta Liquor Control Board for the year ended March 31, 1929, and find that the above Balance Sheet at that date, and the accompanying Profit and Loss Account, are in accordance therewith.

I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the financial position of the Alberta Liquor Control Board as at March 31, 1929, and the annexed Profit and Loss Account states the result of operations for the year ended at that date.

All my requirements as Auditor were complied with.

JAMES C. THOMPSON, C.A.,
Provincial Auditor.
